Dear Madiba,

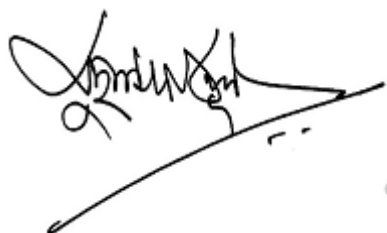

Greetings from Osaka, Japan!

I wanted to write to you to wish you the very best for your 92nd birthday!

I remember so fondly our time together last year at this time, when I had the honor and privilege to deliver the Nelson Mandela Lecture and spend time with you in Johannesburg. It is a memory and an experience that I will always treasure.

I wish you all the very best for long, healthy and happy life. You continue to inspire us every day.

With very warm wishes,

Muhammad Yunus
