THE NELSON MANDELA FOUNDATION TRUST GROUP

STATEMENT OF RESPONSIBILITY OF THE BOARD OF TRUSTEES FOR THE YEAR ENDED 28 FEBRUARY 2011

The trustees are responsible for the preparation and fair presentation of these consolidated financial statements in accordance with South African Statements of Generally Accepted Accounting Practice. The responsibility includes: designing, implementing and maintaining internal control relevant to the preparation and fair presentation of consolidated financial statements that are free from material misstatement, whether due to fraud or error; selecting and applying appropriate accounting policies; and making accounting estimates that are reasonable in the circumstances.

The trustees are responsible for the maintenance of adequate accounting records and the preparation and integrity of the consolidated financial statements and related information. The auditors are responsible to report on the fair presentation of the consolidated financial statements.

The trustees are also responsible for the group's system of internal financial control. These are designed to provide reasonable, but not absolute assurance as to the reliability of the consolidated financial statements, and to adequately safeguard, verify and maintain accountability of assets, and to prevent and detect misstatements and losses. Nothing has come to the attention of the trustees to indicate that any material breakdown in the functioning of these controls, procedures and systems has occurred during the year under review.

The consolidated financial statements have been prepared on the going concern basis. The trustees are assured that the group has adequate sources of funding to continue the work of the Founder and will secure sufficient donations to continue in operation for the foreseeable future.

APPROVAL

The annual consolidated financial statements set out on pages 4 to 25 were approved by the Board of Trustees on _____ and signed on their behalf by:

CHIEF EXECUTIVE OFFICER

CHAIRMAN: BOARD OF
TRUSTEES

**INDEPENDENT AUDITOR'S REPORT
TO THE TRUSTEES OF
THE NELSON MANDELA FOUNDATION TRUST GROUP**

We have audited the group annual financial statements and annual financial statements of The Nelson Mandela Foundation Trust Group, which comprise the consolidated and separate statements of financial position as at 28 February 2011, and the consolidated and separate statements of comprehensive income, changes in equity and cash flows for the year then ended, and a summary of significant accounting policies and other explanatory notes, and the trustees' report, as set out on pages 4 to 23.

Trustees' responsibility for the financial statements

The trust's trustees are responsible for the preparation and fair presentation of these financial statements in accordance with South African Statements of Generally Accepted Accounting Practice and in a manner required by the Companies Act of South Africa, and for such internal control as the trustees determine is necessary to enable the preparation of financial statements that are free from material misstatements, whether due to fraud or error.

Auditor's responsibility

Our responsibility is to express an opinion on these financial statements based on our audit. We conducted our audit in accordance with International Standards on Auditing. Those standards require that we comply with ethical requirements and plan and perform the audit to obtain reasonable assurance whether the financial statements are free from material misstatement.

An audit involves performing procedures to obtain audit evidence about the amounts and disclosures in the financial statements. The procedures selected depend on the auditor's judgement, including the assessment of the risks of material misstatement of the financial statements, whether due to fraud or error. In making those risk assessments, the auditor considers internal control relevant to the entity's preparation and fair presentation of the financial statements in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the entity's internal control. An audit also includes evaluating the appropriateness of accounting policies used and the reasonableness of accounting estimates made by management, as well as evaluating the overall presentation of the financial statements.

We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our audit opinion.

Basis for qualified opinion

In common with similar organisations, it is not feasible for the trust to institute accounting controls over collections from donations prior to the initial entry of the collections in the accounting records. Accordingly, it was impracticable for us to extend our examination beyond the receipts actually recorded.

Qualified opinion

In our opinion, except for the possible effects of the matter described in the Basis for Qualified Opinion paragraph, the financial statements present fairly, in all material respects, the consolidated and separate financial position of the Nelson Mandela Foundation Trust Group as at 28 February 2011, and its consolidated and separate financial performance and its consolidated and separate cash flows for the year then ended in accordance with South African Statements of Generally Accepted Accounting Practice and in the manner required by the Companies Act of South Africa.

Unaudited supplementary information

The supplementary information set out on pages 24 to 25 do not form part of the group annual financial statements and is presented as additional information. We have not audited these schedules and accordingly we do not express an opinion on them.

THE NELSON MANDELA FOUNDATION TRUST GROUP

REPORT OF THE TRUSTEES FOR THE YEAR ENDED 28 FEBRUARY 2011

The trustees herewith present their report for the year ended 28 February 2011.

1. STRATEGIC INTENT AND OBJECTIVE

A business plan was implemented during January 2007 with an emphasis on the Centre of Memory and Dialogue whilst the programme work of the group, such as the direct provision of health and education, will gradually be channelled through a range of strategic partners. The vision of the group is about "telling stories of a continuing walk to freedom through the sharing of memory". The Trust Deed has been amended to incorporate the strategic change.

The group was given the responsibility to create an archive on the life and times of the Founder and safeguard certain artefacts and memorabilia of the Founder through a formal deed of donation agreement dated 20 March 2007. Certain books are published and exhibitions hosted in order to share this valuable material with the public.

2. GENERAL OVERVIEW

In terms of the current effective Trust Deed, the objective of the group is to promote and develop the cause of peace, human rights and democracy within South Africa, elsewhere on the African continent and in other parts of the world. Furthermore, it is also the objective of the group to increase the level of education and promote awareness around critical social issues in South Africa. The objectives of the group include:

- the creation, promotion, establishment, protection, and preservation of a Centre of Memory of the Founder which contains an archive of the life and times and the works and writings of the Founder;
- convening dialogue around critical social issues including in particular issues regarding human rights and democracy in order to contribute to a just society;
- the promotion of or engaging in philosophical activities including discussions regarding issues pertaining to human rights and democracy;
- the raising of funds in and outside the Republic in respect of the group and other Public Benefit Organisations in furtherance of its main objectives; and
- the provision of support services to or the promotion of the common interests of Public Benefit Organisations including the provision of funds or other resources by way of donation to other Public Benefit Organisations.

3. TRUSTEES

The trustees in office during the year and up to the date of this report are as follows:

Trustee

Gerwel, G J
Kathrada, A M
Ramphela, M A
Sexwale, T G
Liebenberg, C F
Menell, I
Ndebele, N S
Motlanthe, K P
Mtoba, N T

4. SUBSEQUENT EVENTS

No material matters or circumstance have occurred between the date of the statement of financial position and the date of approval of the financial statements.

5. SUBSIDIARY

Avance Investment and Holding (Pty) Ltd ("the company") is controlled by the Nelson Mandela Foundation Trust which owns 100% of the company's shares.

THE NELSON MANDELA FOUNDATION TRUST GROUP

REPORT OF THE TRUSTEES FOR THE YEAR ENDED 28 FEBRUARY 2011

6. PRINCIPAL OPERATING ACTIVITIES OF THE SUBSIDIARY

The country of incorporation is South Africa. The following matters of importance with regard to the property of the company are in the process of being finalised:

6.1 Lease

In terms of the lease agreement, the lease will end:

- if the Nelson Mandela Foundation Trust ceases to exist;
- on the successful exercise of the option to purchase the property within thirteen (13) years and not less than two months before the expiry date of the lease; or
- on 30 November 2026 by effluxion of time.

The Foundation is currently in negotiations to cancel the lease between the City of Johannesburg Metropolitan Municipality and Avance and thereafter enter into a new lease agreement between the City of Johannesburg Metropolitan Municipality and the Nelson Mandela Foundation Trust.

6.2 Outstanding matters from the previous financial year

- No sublease between the company and The Nelson Mandela Foundation Trust exists.
- Registration of the lease agreement signed between the City of Johannesburg Metropolitan Municipality and the company against the title deed of the property.
- The change of the domicilium address of the company in the lease.
- The change of the postal and registered office address of the company.

6.3 Director of subsidiary

Mr A E Dangor was appointed as director with effect from 7 September 2006.

6.4 Going concern

The company is dependent on the continued support of its holding entity. A subordination agreement exists between the Nelson Mandela Foundation Trust and the company.

7. FINANCIAL RESULTS

The financial results for the year under review are detailed in the annexed group annual financial statements and notes thereto.

8. GOING CONCERN

The group annual financial statements were prepared on a going concern basis, as the Trustees have no reason to believe that the group will not be a going concern in the foreseeable future based on forecasts and available cash resources. For this reason they continue to adopt the going concern basis in preparing the group annual financial statements.

9. AUDITORS

PricewaterhouseCoopers Inc was reappointed as auditors.

THE NELSON MANDELA FOUNDATION TRUST GROUP

SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES FOR THE YEAR ENDED 28 FEBRUARY 2011

1. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

The following are the principal accounting policies adopted in the preparation of the group annual financial statements of The Nelson Mandela Foundation Trust ("the Trust") and the subsidiary Avance Investment and Holding (Proprietary) Limited ("the company"), together the Nelson Mandela Foundation Trust Group. These policies have been consistently applied.

1.1 Basis of preparation

The group annual financial statements have been prepared in accordance with South African Statements of Generally Accepted Accounting Practice (SA GAAP) and are presented in South African Rands. These group annual financial statements have been prepared under the historical cost convention.

The financial statements are prepared on the going concern basis.

The preparation of group annual financial statements in conformity with SA GAAP requires the use of certain critical accounting estimates. It also requires management to exercise its judgement in the process of applying the group's accounting policies. The areas involving a higher degree of judgement or complexity, or areas where assumptions and estimates are significant to the group annual financial statements, are disclosed in note 1.18.

a) *Standards, amendments and interpretations effective in 2011 but not relevant to the group's operations:*

The following interpretations to published standards is mandatory for accounting periods beginning on or after 1 March 2010 but is not relevant to the group's operations:

- IFRS 3 (revised) 'Business combinations'
- Amendment to IFRS 2, 'Share based payments – Group cash-settled share-based payment transactions'
- IFRIC 17, 'Distributions of non cash assets to owners'
- IFRIC 18, 'Transfer of assets from customers'
- Amendment to IAS 32 - 'Classification of rights issues'
- IAS 19 (AC 504) - 'The limit on a defined benefit asset'

b) *Standards, amendments and interpretations early adopted*

No standards, amendments or interpretations have been early adopted by the group.

c)

Standards, amendments and interpretations to existing standards that are not yet effective to the group's operations:

The following standards, amendments or interpretations to existing standards have been identified that are not yet effective to the group's operations:

- Amendment to IFRS 1 (AC 138) - Limited exemption for comparative IFRS 7 disclosures for first-time adopters
- Amendment to IAS 24 (AC 126) - Related party disclosures
- Amendments to IFRS 1 (AC 138), 'First time adoption' on hyperinflation and fixed dates
- Amendment to IFRS 7 (AC 144) Disclosures – Transfer of financial assets
- Amendment to IAS 12 (AC 102), 'Income taxes' on deferred tax
- IFRS 9 (AC 146) – Financial Instruments
- IFRIC 19 (AC 452): Extinguishing Financial Liabilities with Equity Instruments
- Amendments to IFRIC 14 (AC 447): Pre-payments of a Minimum Funding Requirement

1.2 Consolidation

Subsidiaries

Subsidiaries are all entities over which the group has the power to govern the financial and operating policies generally accompanying a shareholding of more than one half of the voting rights. The existence and effect of potential voting rights that are currently exercisable or convertible are considered when assessing whether the group controls another entity. Subsidiaries are fully consolidated from the date on which control is transferred to the group. They are no longer consolidated from the date control ceases.

Intercompany transactions, balances and unrealised gains on transactions between group entities are eliminated. Unrealised losses are also eliminated but considered an impairment indicator of the asset transferred.

THE NELSON MANDELA FOUNDATION TRUST GROUP

SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES FOR THE YEAR ENDED 28 FEBRUARY 2011

1.3 Property plant and equipment

Property, plant and equipment is stated at historical cost less accumulated depreciation and impairment. Land is not depreciated as it is deemed to have an indefinite useful life and is therefore stated at cost. Historical cost includes expenditure that is directly attributable to the acquisition of the items. Assets donated are recorded at fair value (replacement values) on date of receipt and depreciated from date of receipt.

Subsequent costs are included in the asset's carrying amount or recognised as a separate asset, as appropriate, only when it is probable that future economic benefits associated with the item will flow to the group and the cost item can be measured reliably. All other repairs and maintenance are recognised in the statement of comprehensive income in the year it is incurred.

Depreciation on assets is calculated using the straight-line method to write down the cost over their estimated useful lives to their residual values, as follows:

Buildings	20 years
Computer equipment	3 years
Office equipment, furniture and fittings	6 years
Vehicles	5 years
Leased assets	2 - 6 years

The assets' useful lives and residual values are reviewed, and adjusted if appropriate, at each reporting date.

Where the carrying amount of an asset is greater than its estimated recoverable amount, it is written down immediately to its recoverable amount. Gains and losses on disposal of assets are determined by comparing proceeds with the carrying amounts. Gains and losses are included in the statement of comprehensive income in the year they occur.

Repairs and maintenance are charged to the statement of comprehensive income during the year it is incurred.

1.4 Intangible assets

Trademarks

Separately acquired trademarks are shown at historical cost. Trademarks have a finite useful life and are carried at cost less accumulated amortisation. Amortisation is calculated using the straight-line method to allocate the cost of trademarks over their estimated useful lives of 15 to 20 years.

Computer software

Costs associated with maintaining computer software programmes are recognised as an expense as incurred. Development costs that are directly attributable to the design and testing of identifiable and unique software products controlled by the group are recognised as intangible assets when the following criteria are met:

- it is technically feasible to complete the software product so that it will be available for use;
- management intends to complete the software product and use or sell it;
- there is an ability to use or sell the software product;
- it can be demonstrated how the software product will generate probable future economic benefits;
- adequate technical, financial and other resources to complete the development and to use or sell the software product are available;
- the expenditure attributable to the software product can be reliably measured.

Directly attributable costs that are capitalised as part of the software product include employee costs relating to the development and implementation of the software.

Other development expenditures that do not meet the criteria are recognised as an expense as incurred. Development costs previously recognised as an expense are not recognised as an asset in a subsequent period.

Computer software development costs recognised as assets are amortised over their estimated useful lives, which does not exceed three years.

THE NELSON MANDELA FOUNDATION TRUST GROUP

SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES FOR THE YEAR ENDED 28 FEBRUARY 2011

1.5 Artefacts and memorabilia

The group has been given the responsibility to safeguard artefacts and memorabilia of the Founder. Artefacts and memorabilia donated to the group are recognised at a nominal value of R1.

1.6 Impairment of non-financial assets

Assets that have an indefinite useful life are not subject to amortisation and are tested annually for impairment. Assets that are subject to amortisation are reviewed for impairment whenever events or changes in circumstances indicate that the carrying amount may not be recoverable. An impairment loss is recognised for the amount by which the asset's carrying amount exceeds its recoverable amount. The recoverable amount is the higher of an asset's fair value less costs to sell and value in use. Non-financial assets that suffered an impairment are reviewed for possible reversal of the impairment at each reporting date. An impairment is reversed only to the extent that the asset's carrying amount does not exceed the carrying amount that would have been determined had no impairment been recognised.

1.7 Leases

Leases where a significant portion of the risks and rewards of ownership are retained by the lessor are classified as operating leases. Payments made under operating leases (net of any incentives received from the lessor) are charged to the statement of comprehensive income on a straight-line basis over the period of the lease. Leases of property, plant and equipment where the group has substantially all the risks and rewards of ownership are classified as finance leases. Finance leases are capitalised at the inception of the lease at the lower of the fair value of the leased assets or the current value of the minimum lease payments. Each lease payment is allocated between the liability and finance charges so as to achieve a constant rate on the finance balance outstanding. The corresponding rental obligations, net of finance charges, are included in other long-term liabilities. The finance cost element is charged to the statement of comprehensive income over the lease period. The property, plant and equipment acquired under finance leases is depreciated over the shorter of the useful life of the asset and the lease term.

1.8 Financial instruments

Financial instruments carried on the statement of financial position include, available-for-sale financial assets, cash and bank balances, receivables and payables.

1.9 Financial assets

The group classifies its financial assets as loans and receivables and available-for-sale financial assets. The classification depends on the purpose for which the financial assets were acquired. Management determines the classification of its financial assets at initial recognition.

a) *Loans and receivables*

Loans and receivables are non-derivative financial assets with fixed or determinable payments that are not quoted in an active market. These are included in current assets. The group's loans and receivables comprise receivables and cash and cash equivalents in the statement of financial position (note 1.10 and 1.11).

b) *Available-for-sale financial assets*

Available-for-sale assets are non-derivatives designated in this category and included in non-current assets. Investments are initially recognised at fair value plus transaction costs. Financial assets are derecognised when the rights to receive cash flows from investments have expired or have been transferred and the group has transferred substantially all risks and rewards of ownership. Available-for-sale financial assets are subsequently carried at fair value. Changes in the fair value of monetary and non-monetary securities classified as available for sale are recognised in equity. When securities classified as available-for-sale are sold or impaired, the accumulated fair value adjustments recognised in equity are included in the statement of comprehensive income as gains and losses from investment securities. The fair values of quoted investments are based on current bid prices. In the case of equity securities classified as available-for-sale, a significant decline in the fair value of the security below its cost is considered as an indicator that the securities are impaired.

THE NELSON MANDELA FOUNDATION TRUST GROUP

SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES FOR THE YEAR ENDED 28 FEBRUARY 2011

1.10 Receivables

Trade and other receivables are carried at anticipated realisable value. A provision for impaired receivables is calculated based on a review of all outstanding amounts at the year-end. Bad debts are written off in the year in which they are identified.

1.11 Cash and cash equivalents

Cash and cash equivalents include cash in hand, deposits held at call with banks and short-term investments, and are initially recognised at cost. For the purposes of the cash flow statement, cash and cash equivalents comprise cash on hand and deposits held on call with banks and net of bank overdrafts.

1.12 Trade payables

Trade payables are initially recognised at fair value and subsequently carried at amortised cost, using the effective interest rate method.

1.13 Provisions

Provisions are recognised when there is a present legal or constructive obligation as a result of past events, it is probable that an outflow of resources embodying economic benefits will be required to settle the obligation and a reliable estimate of the amount of the obligation can be made.

1.14 Foreign currency transactions

The functional currency is that of the South African Rand. Any other currency is seen as a foreign currency. Transactions in foreign currencies are translated at the rates of exchange ruling at the transaction date. Monetary assets and liabilities in foreign currencies are translated at the rates of exchange ruling at the reporting date. Any foreign exchange differences are dealt with in the statement of comprehensive income in the year in which the difference occurs.

1.15 Recognition of income

Grants received are recorded as income once the conditions of the grants have been met. General (undesigned) donations are recorded as income when cash is received.

Assets donated to the group at no cost are recorded at fair value (replacement values) on date of receipt. Use of assets at no charge are valued at the fair value of the consideration received. These donations are disclosed as donations in kind.

Finance income is accounted for on an accrual basis using the effective interest method and excludes that portion which relates to designated funds. Finance income on designated funds depend on the timing and extent of utilisation of designated funds.

Royalty income is recorded on an accrual basis.

Dividend income is recognised when the right to receive payment is established.

1.16 Retirement benefits

The group's contributions to the defined contribution plan are recognised as employee benefit expenses in the statement of comprehensive income in the year to which they relate. A defined contribution plan is a pension plan under which the group pays fixed contributions into a separate entity. The group has no legal or constructive obligations to pay further contributions if the fund does not hold sufficient assets to pay all employees the benefits relating to employee service in the current and prior periods. The group pays contributions to publicly administered pension plans on a mandatory, contractual or voluntary basis. The group has no further payment obligations once the contributions have been paid.

1.17 Offset

Where a legally enforceable right of offset exists for recognised financial assets and financial liabilities, and there is an intention to settle the liability and realise the asset simultaneously, or to settle on a net basis, all related financial effects are offset.

THE NELSON MANDELA FOUNDATION TRUST GROUP

SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES FOR THE YEAR ENDED 28 FEBRUARY 2011

1.18 Critical accounting estimates and assumptions

Estimates and judgements are continually evaluated and are based on historical experience and other factors, including expectations of future events that are believed to be reasonable under the circumstances.

The resulting accounting estimates will, by definition, rarely equal the related actual results. The estimates and assumptions that have a significant risk of causing a material adjustment to the carrying amounts of assets and liabilities within the next financial year are outlined below:

a) Depreciation

During each financial year, management reviews the assets within property, plant and equipment to assess whether the useful lives and residual values applicable to each asset are appropriate.

b) Provision for impairment of receivables

At year-end management makes an estimate of the amount it expects to recover from outstanding balances. A provision for impairment is raised based on these estimates.

c) Impairment of available-for-sale financial assets

The group follows the guidance of IAS 39 (AC 133) to determine when an available-for-sale financial asset is impaired. This determination requires significant judgement. In making this judgement, the group evaluates the duration and extent to which the fair value of an investment is less than its cost and the industry and sector performance. If the decline in fair value is considered significant or prolonged, the accumulated fair value adjustment recognised in equity on the impaired available-for-sale financial asset is transferred to the statement of comprehensive income.

d) Allocation of operating expenditure

Operating expenditure and overhead costs are only allocated to projects when agreed with the donor in the grant agreement.

1.19 Contingent liabilities

Contingent liabilities are disclosed when the group has a possible obligation that arose from a past event and whose existence will be confirmed only by the occurrence or non-occurrence of one or more uncertain future events not wholly within the control of the group.

2.1 Leased assets

Leased assets consist of computer equipment and office equipment. Leased assets are encumbered by finance lease liabilities in the amount of R2 487 002 (2010: R852 341) (Note 7).

2.2 Improvements to leasehold property

Land, held by a 25 year lease that will end on 31 January 2027, comprising Erf 1889 Houghton Estate, IR approximately 6821 square metres in extent and Portion of the remaining extent of Erf 1890 Houghton Estate, IR approximately 6559 square metres in extent, excluding the off-ramp to the M1 Freeway. The land has been rezoned and consolidated into Erf 2510. The land is leased from the City of Johannesburg Metropolitan Council by the company for a period of 25 years, commencing on 1 February 2002. The lease will end on 31 January 2027. The lessee has been given an option to acquire the land from the 23rd year for an amount of R1 000. The option, if not exercised, will lapse on 30 November 2026.

The property was valued at R17,7 million on 7 May 2007 by Van Zyl Valuers, an independent professional valuer, using the income capitalisation approach. The building cannot be sold without the approval of the Board of Trustees.

2.3 Land and buildings

Buildings consist of the house previously occupied by the Founder, on portion 1 of Lot 1857 Houghton Estate Township Registration Division I.R in the province of Gauteng and measuring 2461 square metres. Management estimates the fair value of the property to approximate the cost thereof. No information is available yet to disclose the value of the land separately.

2.4 Artefacts and memorabilia

The group has been entrusted with the responsibility to safeguard certain artefacts and memorabilia of the Founder through a formal deed of donation agreement dated 20 March 2007. Artefacts and memorabilia consist of approximately 2 051 (2010: 1 999) items which are recorded at a nominal value of R1. Due to the historical and unique nature of these items, it is not feasible to determine a fair value. These assets may not be sold.

2.5 Re-assessment of useful lives

The group has assessed the useful lives of property, plant and equipment. The re-estimation resulted in a decrease in accumulated depreciation amounting to R 1 084 516.

20. FINANCIAL RISK MANAGEMENT

Exposure to foreign exchange risk and credit risk arises in the normal course of business. The group does not use derivative financial instruments as a means of reducing exposure to fluctuations in foreign exchange rates.

20.1. Market risk

Interest rate risk

The group's income and operating cash flows are independent of changes in market interest rates. At the reporting date the interest rate profile of the group's interest bearing financial instruments was as follows:

	Group and Trust	
	2011 R	2010 R
<i>Variable rate instruments</i>		
Cash and cash equivalents	156 082 537	153 003 055

Sensitivity analysis

An increase or decrease of one percentage in interest rates at the reporting date would have increased and decreased surplus or deficit by the amounts shown below. This analysis assumes that all other variables remain constant. The analysis is performed on the same basis for 2010.

	Surplus or deficit	
	2011 R	2010 R
Increase of one percentage/hundred basis points	1 560 825	1 530 031
Decrease of one percentage/hundred basis points	(1 560 825)	(1 530 031)

Sensitivity analysis

Components of equity would increase/decrease as a result of gains/losses on equity securities classified as available-for-sale. An increase or decrease of one percentage in the listed price at the reporting date would have increased and decreased equity by the amounts shown below. This analysis assumes that all other variables remain constant. The analysis is performed on the same basis for 2010.

Equity

Increase of one percentage

476 010 352 402

Decrease of one percentage

(476 010) (352 402)

20.2. Credit risk

Credit risk arises from cash and cash equivalents, deposits with banks and financial institutions and outstanding receivables. The group only deals with reputable financial institutions and the maximum exposure amounts to R156 076 737 (2010: R153 003 055).

20.3. Capital risk

The group's objective when managing capital is to safeguard the group's ability to continue as a going concern in order to provide benefits for its stakeholders and to maintain an optimal capital structure. In order to maintain the capital structure, an Investment Committee has been established to develop long term investment strategies.

20.4. Liquidity risk

Sufficient cash is maintained to manage the group's liquidity risk. The table below analyses the group's financial liabilities into maturity groupings based on the remaining period at the balance sheet to the contractual maturity date. The amounts disclosed are the contractual undiscounted cash flows. Balances due within 12 months equal their carrying balances as the impact of discounting is not significant.
