

Learners Volunteer Safety Challenge

18 July 2009

In gratitude for the 67 years of community service Mr. Nelson Mandela gave to the South African community, we commit to the values and principals of the Learners Volunteer Safety Cadets.

In so doing we undertake to serve our school community and ensure our environment is safe for our fellow learners, our teachers, our parents and our visitors. We will strive to create an environment that is safe from injury resulting from fire, water and road accidents as well as safety from any form of social, psychological and physical abuse.

We the undersigned hereby undertake to challenge all schools in South Africa to establish Learner Volunteer Safety teams at their schools and to participate and actively create a safe environment for all. We further challenge all Learner Volunteer Safety Teams to inter-act with other communities of all definitions and to encourage them to create an environment that enables everyone to be safe.
